

# Product Fact Sheet

## CR Series Power Rakes

### Markets

Homeowners  
Rental Dealers

### Applications

Thatch Removal  
Vertislicing

#### Single-Piece Steel Engine Base

Absorbs vibration and reduces number of parts.

#### Ergonomically Designed Handle

Provides comfort and control and reduces operator fatigue.

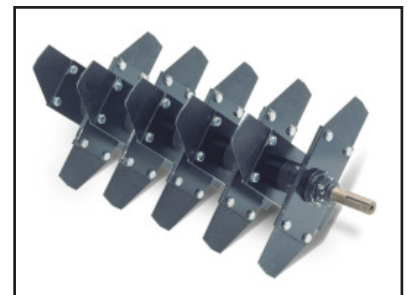

#### Height Controls

Quality controls for adjusting.

### Minimizes Maintenance, Maximizes Performance

- **Construction grade cast iron bearings** - Complete with grease zerks for purging dirty grease.
- **Low vibration** - Heavy, single-piece construction dampens vibration and reduces overall number of parts
- **Break-down handles** - Stiff under operation, but fold for storage or transport.
- **Heavy-duty steel pulleys** - Premium pulleys for premium performance.
- **Professional engines** - Billy Goat uses the best Honda engines offered.
- **Quick changeover** - Changing between flails and slicing reels is a ten minute job.
- **Adjustable idler** - Allows the operator to set the precise tension for maximum belt life.

#### Vertislicing Reel

(Optional) Part # 350252 -  
Converts your power rake to a vertislicer
